Virtualize: We know there may be loved ones around the world that want to share in your special day. Consider working with our partner, PSAV, for video streaming of the special occasion. Packages include basic WiFi, connection to monitor in room, external webcam, speakerphone with wireless extension mics, power on the tables and on-site support. Client Hosted Virtual Web Event $460 + tax and PSAV Hosted Virtual Web Event $1260 + tax.

Socialize: We are happy to connect the happy couple with vendors such as The Flower Firm and our favorite local photographer. We can even assist by conducting a "social media takeover" to assist with live-streaming from your own personal social handle.

Since French weddings tend to last all night, please let us know if we can offer any assistance for a breakfast or early lunch the next day. Congratulations on your engagement and thank you for thinking of the Kimpton Gray Hotel!
